2. Trilogy Training Class

Trilogy® 45 Q-Mode®
(QE) Variable Capacity Series

Part-load Values up to
45.1 EER/ 8.7 COP

Trilogy® 45 (VE) Variable
Capacity Series

Part-load Values up to
45.1 EER/ 8.7 COP

TRILOGY PRODUCTS:

Trilogy QE
Trilogy VE

Trilogy® 45 Q-Mode® (QE) Variable Capacity Series

The Trilogy 45 Q-Mode (QE) Variable Capacity Series provides the ultimate in residential energy efficiency, and sets ClimateMaster dealers in a class of their own in the home heating and cooling market. The Trilogy QE is the first geothermal heat pump ever certified by AHRI to exceed 45 EER and is 47% more efficient than our two-stage geothermal heat pumps.

The Trilogy QE is a packaged water-to-air system that exceeds ENERGY STAR Tier 3 efficiency levels.

NOTE: Only dealers who have been trained on both of the following classes in the past two years can sell the Trilogy:

1. CM202 Service Installation Class
2. Trilogy Training Class

Features Literature Resources Videos

The Trilogy QE far exceeds the capabilities of any other HVAC unit on the market today with
